RULES OF THE HOLLOW

All Campers and Staff are expected to observe the BSA and camp policies as outlined in the event brochure and as follows:

These are the rules to make your stay at camp safe and pleasant. Scouting rules are designed for two reasons: #1 Safety and #2 To enhance your program experience

The BUDDY SYSTEM: All Cubs should be with their adult partner at all times. Cubs are always in site of an adult.

The Emergency Signal will be a siren. If it should sound, EVERYONE must report to the Dining Hall immediately.

Clean campsites are a Scouting way of life. Pick up hazards, trash, and store any “eatables” and “smellables” away from critters. Pack out your trash.

NO ONE, camper, adult, or staff may ride in the back of a pickup truck, even with a shell. Seat belts are to be worn by all passengers.

All vehicles must be parked in the designated parking lot. Respect and follow the vehicle rules.

- Camp wide Speed Limit is 5 MPH, no vehicles in camp after lunch
- No flames inside tents. Cubs do not handle matches or lighters
- No liquid fuel is permitted; However, propane lanterns and appliances may be used by adults only outside of tents or sleeping quarters.
- Fires, only if there is no FIRE Ban and only in preexisting campfire rings. Never leave a fire unattended.
- No cutting or trimming of trees. Do not bring wood from outside camp!
- No sheath knives, axes or hatchets for Cub Scouts
- Drugs, alcohol and firearms are not permitted on camp property
- Use of tobacco products is prohibited in front of youth AT ANY TIME whether in buildings, tent, or program areas.
- Damaged equipment or tents must be paid for at check-out.
- A Scout is courteous. Be on time for group gatherings. Plan ahead and make the walk part of the plan.
- Respect other parents and Cubs camping near you and observe quiet time from 10:00PM until morning.
